**DATE:** May 29, 2008

**HEADLINE:** Morris, Schneider, Prior, Johnson & Freedman Deploys CaseAware™ Manage

**BODY:**

**St. Louis, MO -- (May 29, 2008)** - KMC Information Systems, L.C. ("KMCIS") is pleased to announce today that Morris, Schneider, Prior, Johnson & Freedman L.L.C. ("MSPJ&F"), based in Atlanta, GA has licensed and completed production deployment of KMCIS' CaseAware™ Manage – part of the CaseAware™ Product Suite – for the Firm's Florida Practice. CaseAware™ Manage is a complete Legal Case Management System developed specifically for the Default Services Law Practice and Foreclosure Trustee Firm. CaseAware™ Manage includes a dynamic workflow engine, Automated Fees and Costs, and integrated Document Generation, Storage & Retrieval. CaseAware™ Integrate – the other component of the CaseAware™ Suite – provides automated, two-way transmission of data between the firm's Case Management/Accounting systems and the prevalent Default Services industry middleware platforms including – Clarifire®, Countrywide®, FISDesktop (NewTrak®, NewInvoice®) Lenstar®, Quandis®, VendorScape®, iClear®, Walz®, ProVest®, and TSG/Texas Title Interfaces. Although designed to interact seamlessly, the components of the CaseAware Suite are independent

Joel Freedman, MSPJ&F partner, states that the decision to move forward with CaseAware™ was based on its "high automation and flexibility in being adapted to meet the firm's individual needs. Functionality and data can be changed without having to go thru a programmer. A definite plus!" According to MSPJ&F's Florida attorney, Jennifer Lowery Howell, KMCIS has been extremely supportive both pre and post launch of the system. "They did not suddenly disappear after getting a check and getting us on our own server. The support staff is accessible, and are always very prompt in answering questions or opening "tickets" on issues pertaining to new product development and support requests not requiring immediate resolution."

Dan Cannon, the KMCIS COO made the following comments "KMCIS congratulates MSPJ&F on completing the CaseAware™ Manage implementation. Their deployment of CaseAware™ in a judicial state (Florida) was completed in less than two months, and incorporated significant County and Judge mandated procedural variances into their workflow without requiring additional programming or custom development by KMCIS. We look forward to supporting MSPJ&F as they take on this new challenge in Florida and anywhere beyond."

Morris, Schneider, Prior, Johnson & Freedman, LLP...is a full service law firm primarily serving the financial services industry. MSPJ&F represents this industry in mortgage foreclosure, bankruptcy, commercial litigation, collections and general real estate issues. MSPJ&F provides legal services throughout Alabama, Georgia, Mississippi, North Carolina, South Carolina, Tennessee and now Florida.

Located in suburban St. Louis Missouri, KMC Information Systems is a full-service Software Development and Consulting Company dedicated to implementing quality solutions for the Legal, Mortgage, and Title industries. KMC Information Systems' Professional Services group provides support for custom application development, system administration and support, and business process and technology consulting.
